## ALLURE REPORT SCREENSHOTS:

The top screenshot displays the Allure report interface for a specific test suite. The left sidebar shows the navigation menu with options like Overview, Categories, Suites, Behaviors, Packages, Graphs, and Timeline. The main content area shows the test suite 'com.api.tests.BookStoreAPITests' with a single test case 'Create User, Generate token, Retrieve List of Books' that passed. The test case details include the severity (normal), duration (9s 477ms), and a list of execution steps with their respective request and response sizes.

The bottom screenshot shows the Allure report summary for 7/21/2026. The summary includes a large green circle indicating 100% success rate, a bar chart showing 1 item total for the suite 'com.api.tests.BookStoreAPITests', and a section for environment variables. The categories section shows 0 items total, and the executors section shows no information about tests executors.
